Petitions to revive, under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

1. This application is abandoned in view of applicant's failure to submit a reply to the Office Action mailed on 4/17/06 within the required period for reply.
2. The examiner acknowledges that applicant has made several attempts to respond to the Office Action mailed 4/17/06, however, none of these attempted responses are deemed to be compliant. Specifically, the proposed amendment filed 5/11/06 is deemed non-compliant for the reasons set forth in the Notice mailed 7/21/06; the proposed amendment filed 8/15/06 is deemed non-compliant for the reasons set forth in the Notice mailed 8/29/06; the proposed amendment filed 9/20/06 is deemed non-compliant for the reasons set forth in the Notice mailed 12/19/06; the proposed amendment filed 1/30/07 is deemed non-compliant for the reasons set forth in the Notice mailed 2/7/07; and the most recent proposed amendment filed 3/6/07 is deemed non-compliant as it has not been signed by applicant or an attorney of record.
3. The statutory response period to an Office Action is 6 months. Once this period has expired, an application is automatically considered "abandoned". If applicant believes this "abandonment" is in error, applicant may petition to have the application "revived". However, it is suggested that if applicant wishes to peruse such a "revival" applicant may wish to consult with a registered patent attorney or agent for the proper method of petitioning.
